

FAV FLOOR & CEILING

- Ultra-thin unit body, only thick 199mm (24 model)
- Wide-angle airflow
- Quiet running
- EEV inside
- Wired controller RWW01 included on standard

PRODUCT ADVANTAGES

- The convertible indoor unit adopts a double drain pan design. The unit body is very thin, only 199mm. It is beautiful, elegant and space saving.
- 100° wide angle louvers and 70° wide angle blades design to make a precise control of the airflow. It averagely distributes the comfortable air to every corner of the room.
- Thanks to the low sound level centrifugal fan, the unit always works quietly so as to give more comfort to life.

RWW01

RVC01 (optional)

RWW03 (optional)
